Policy Summary

This policy provides that the Board of Regents (board) of The Texas A&M University System (system) endorses the recruitment and admission of transfer students from community colleges and other general academic institutions to the universities (academic institutions) within the system.

Policy

Academic institutions within the system will actively seek to recruit and enroll transfer students from public community colleges and four-year universities. These students must meet the requirements for admission to the academic institution appropriate for transfer students. The board is committed to member admission policies and practices that are impartial and provide equitable access. Each member must consider their potential student populations, the impacts of applicable requirements on their admission status, and the value of those requirements for admission decisions in crafting admissions standards.

Member Rule Requirements

A rule is not required to supplement this policy.
