

11.09 Low-Producing Degree Programs

Approved February 9, 2012 (MO 044-2012)
Revised August 8, 2013 (MO 192-2013)
Next Scheduled Review: August 8, 2018

Policy Statement

This policy provides that the universities (academic institutions) of The Texas A&M University System shall report, on an annual basis, the status of each low-producing degree program to the chancellor and the Board of Regents (board).

Reason for Policy

The chancellor and the board shall be informed of the status of each academic institution's low-producing degree programs resulting from the annual review by the Texas Higher Education Coordinating Board (coordinating board).

Procedures and Responsibilities

The coordinating board conducts an annual review of degree programs at institutions of higher education to determine which are low-producing degree programs because they do not meet minimum standards for the number of degrees awarded.

Academic institutions will prepare a report of the coordinating board's review to the chancellor and board. The report will include supporting documentation for requests to consolidate degree programs and temporary exemptions.
