Policy Statement

This policy allows for the creation of an academic council or faculty senate at each of the universities and the health science center (academic institutions) of The Texas A&M University System (system).

Reason for Policy

This policy provides a means for the faculty of each system academic institution to advise the president of that system academic institution.

Procedures and Responsibilities

There may be created in each system academic institution an academic council and/or a faculty senate. These bodies, if established, shall serve in an advisory capacity to the president.
