

21.06.01 Clinical Healthcare Operations

Approved May 8, 2022
Next Scheduled Review: May 8, 2027

Regulation Summary

The Texas A&M University Health Science Center (TAMHSC) Practice Plan manual of operating procedures is developed and maintained in accordance with this regulation.

Regulation

The senior clinical administrator for the TAMHSC Practice Plan develops and maintains a manual of operating procedures consistent with the terms of the TAMHSC Practice Plan that, at a minimum, delineates procedures for the topics listed in the Appendix. Policies and regulations of The Texas A&M University System and Texas A&M University (Texas A&M) rules and procedures must serve as the basis for items included within the TAMHSC Practice Plan operations manual and be specifically referenced where applicable. The senior clinical administrator must annually review the manual and submit for approval to the Texas A&M president and/or the chancellor any proposed revisions.
