Policy Summary

The Board of Regents (board) of The Texas A&M University System (system) is responsible for approving annually, on or before September 1, an itemized budget covering the operations of each member for the fiscal year beginning September 1. This policy provides a description of the process for developing and approving the annual operating budget.

Policy

1. The board must approve annually, upon the recommendation of the chancellor, guidelines for the preparation of annual operating budgets for the system, including a proposed schedule for the development, review and approval by the board.

2. The chancellor, along with the vice chancellor for agriculture and life sciences, the vice chancellor for engineering, the vice chancellor for health services and member chief executive officers, must establish a plan for involvement of the board in the development of budgets.

3. The board will review the recommended operating budgets in summary form, in a format prescribed by the finance committee. In presenting the budgets for board approval, the chancellor must demonstrate that the operating budgets:

   - are in compliance with the board-approved guidelines;
   - support the accomplishment of system missions, goals and objectives consistent with strategic plans;
   - represent sound fiduciary management of system resources; and
   - have been prepared within the limits of available resources.

Detailed operating budgets will be furnished to board members on request, and copies of the executive budget summaries will be available in the board office. Both are available online at the System Office of Budgets and Accounting website.

4. For member universities, a copy of the approved faculty academic workload policy will be included in the annual operating budget.
